

PACE Program Expectations

What a community partner may expect from student volunteers:

- promptness
- regular attendance
- willingness to stay for duration of shift
- a positive attitude
- respect towards agency's environment
- fulfillment of duties and responsibilities
- feedback on appropriateness of given task
- openness to learn about other cultures

What an agency may expect from faculty:

- the ability to contact faculty about the service-project
- the learning objectives for the students' service work

What faculty and students may expect from an agency:

- clearly stated agency mission/goals so students may understand their roles in achieving that goal
- adequate training for assigned tasks
- supervision of students
- feedback to students about work performance
- feedback to faculty about student performance in a timely fashion for grading purposes
- a safe working environment for students
- reasonable hours within which students may perform their service
